

## THE AUTHORITY ON GAMEFI AND THE METAVERSE

---

**BIG**wiki is a collective of passionate tech, product, academic, and finance nerds, with an unhealthy interest in **blockchain**, **gaming**, **artificial intelligence (AI)**, and all things Web3-related.

Founded in early 2021 and with 25 employees currently, our low head count is testament to our **"AI first approach"** across the organisation.

# OUR VISION

---

As veterans stepping away from hectic careers, we found new purpose with the **rise of crypto and AI**.

Our mission is to address a **critical gap** in the crypto space, where too many products launch with speculative features instead of **real-world solutions**.

Our focus is on making **decentralized research and gaming options** the core of the retail experience, driving **adoption and innovation**.

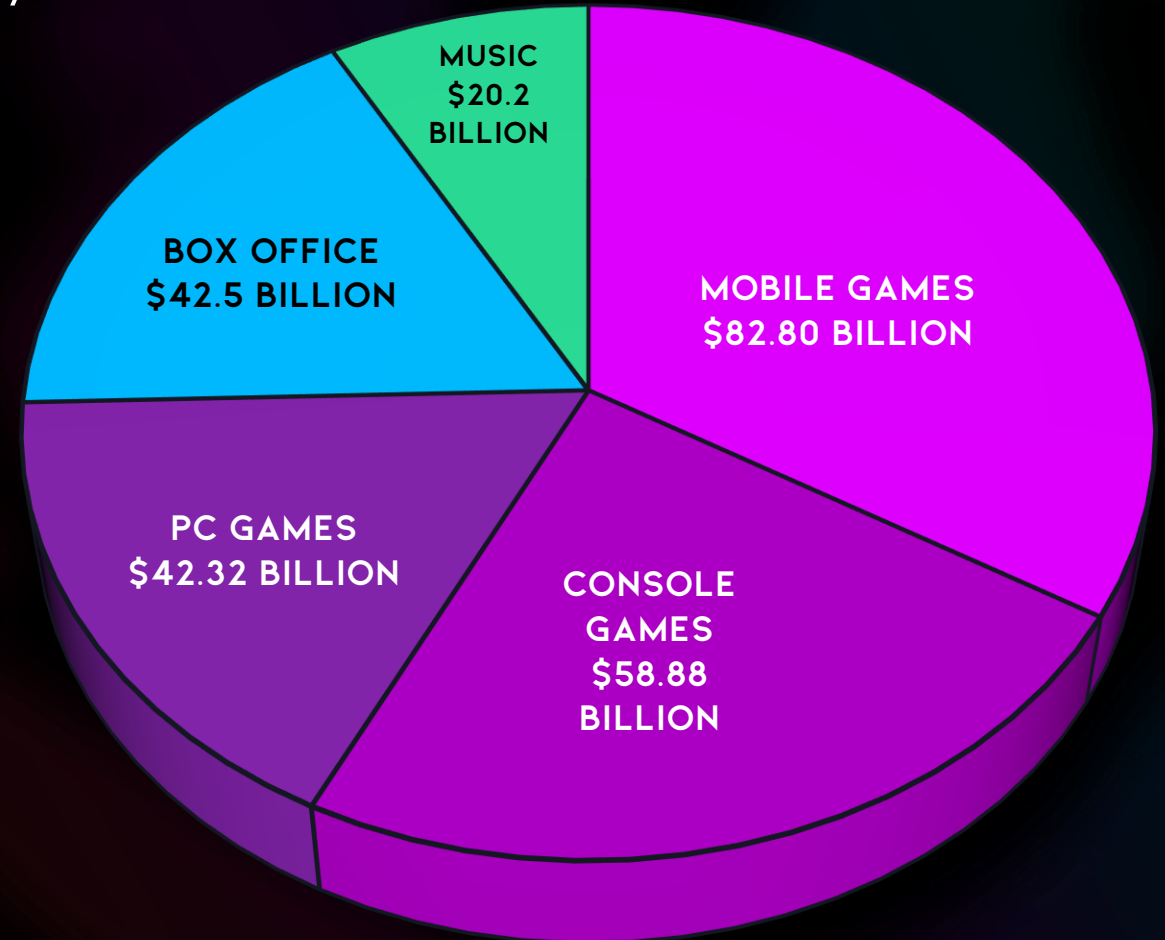

We see Web3 games as the next frontier—global, **player-driven economies** that, by 2025, will transcend entertainment to become **thriving financial ecosystems** in themselves.

# DISRUPTION INCOMING

## The Most Lucrative Entertainment Industry By Far

- Prominent companies like **Ubisoft, Epic Games, Square Enix, Take-Two Interactive, and Activision Blizzard** are transitioning to Web3 gaming.
- An estimated **3.2-3.4 billion people worldwide engage in gaming**, with Asia holding 55% of this market.
- **5 billion people** are currently online.

## HUMANS WORKING ALONGSIDE AI IS WHERE THE VALUE LIES

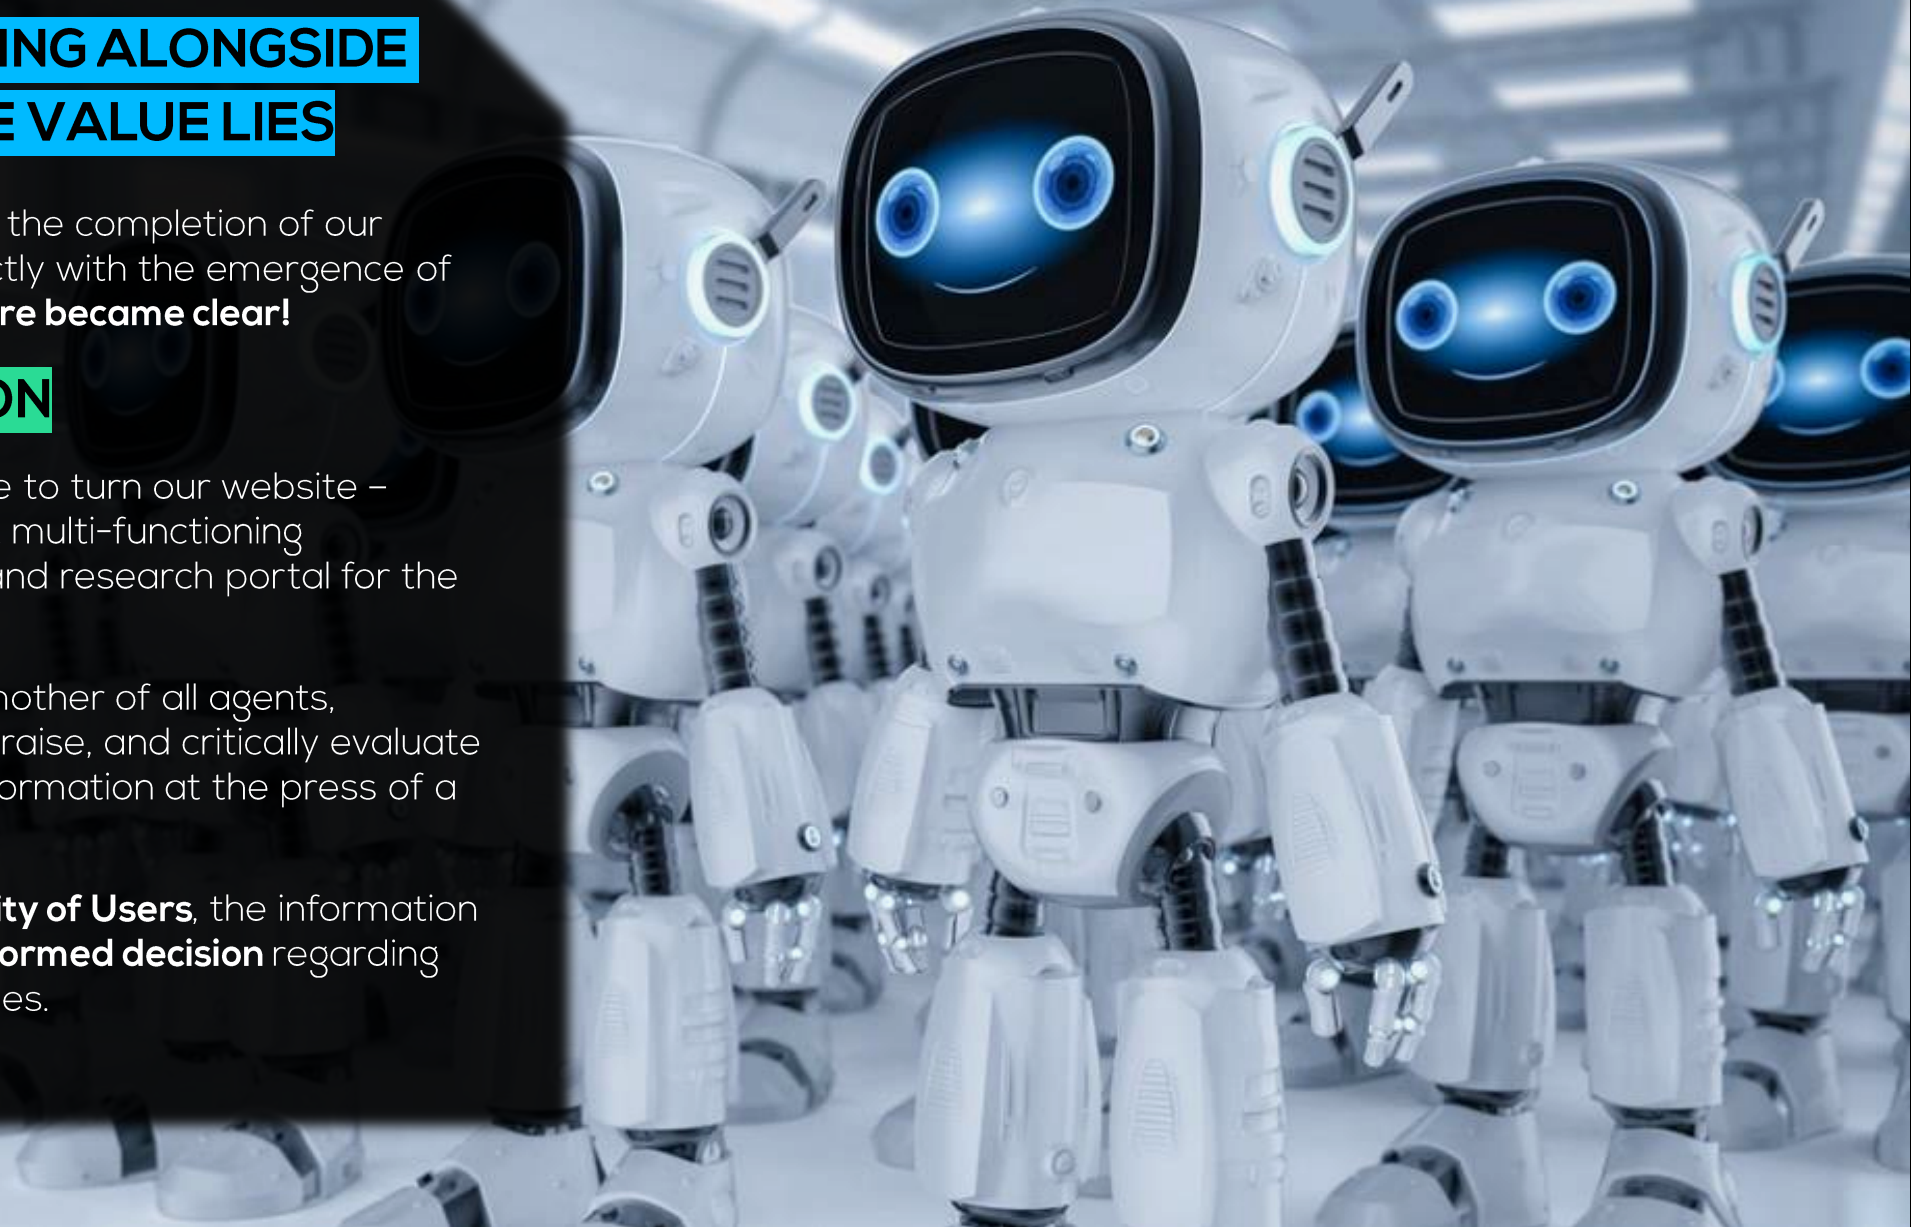

Honed over three years, the completion of our database aligned perfectly with the emergence of mainstream AI. **Our future became clear!**

### OUR REVOLUTION

Our **BIGwiki Agents** were to turn our website – BIGwiki – into a standout multi-functioning information, education, and research portal for the Web3 masses.

Our Agents, led by the mother of all agents, **BIGmomma**, collate, appraise, and critically evaluate an extensive array of information at the press of a button.

Giving you, our **Community of Users**, the information you need to make an **informed decision** regarding your favorite Web3 games.

## AN ALL-PURPOSE SUITE OF TOOLS FOR THE WEB3 MASSES

Whatever your needs, our tools will cater to **gamers, developers, investors, researchers** and curious minds alike.

## TALK ABOUT UTILITY

**Fundamental data metrics** and up to date market data from the Web3 gaming world.

**AI researchers** provide the information and tools to allow a critical evaluation of the latest Web3 game.

**Community research projects** where Users submit their own in-depth research or insightful commentary in response to others.

**AI-assisted research tools** providing the “**Population of Opinions**” and the consensus view of a game.

## BIG AGENTS

**BIG Agents** are at the forefront of our project, deployed whenever their use will improve the efficiency, reliability, and robustness of the research.

## EXPLICIT BENEFITS

- Streamlining the research process and removing unnecessary human elements.
- Providing in-depth insight for informed decision-making.
- Reducing staffing costs significantly.
- **Increasing product value!**

## THE MOTHER OF ALL AGENTS

**BIGmomma** is our first all-purpose AI-researcher, offering a general **all-round perspective** of a game. Later releases will provide persona-specific analyses like risk-on and risk-off investor perspectives.

## BIGmomma

Provides her **assessment or "opinion"** of the games.

Serves as a **summarizer**, paraphrasing the **consensus view** of opinions from our Community of Users.

Facilitates the **moderation process** by identifying hotspot areas for fact-checking and investigation.

## OUR SECRET FORMULA

What sets us apart is our adoption of **academically-inspired** principles throughout the research process.

## ROBUST ACADEMIC ENQUIRY

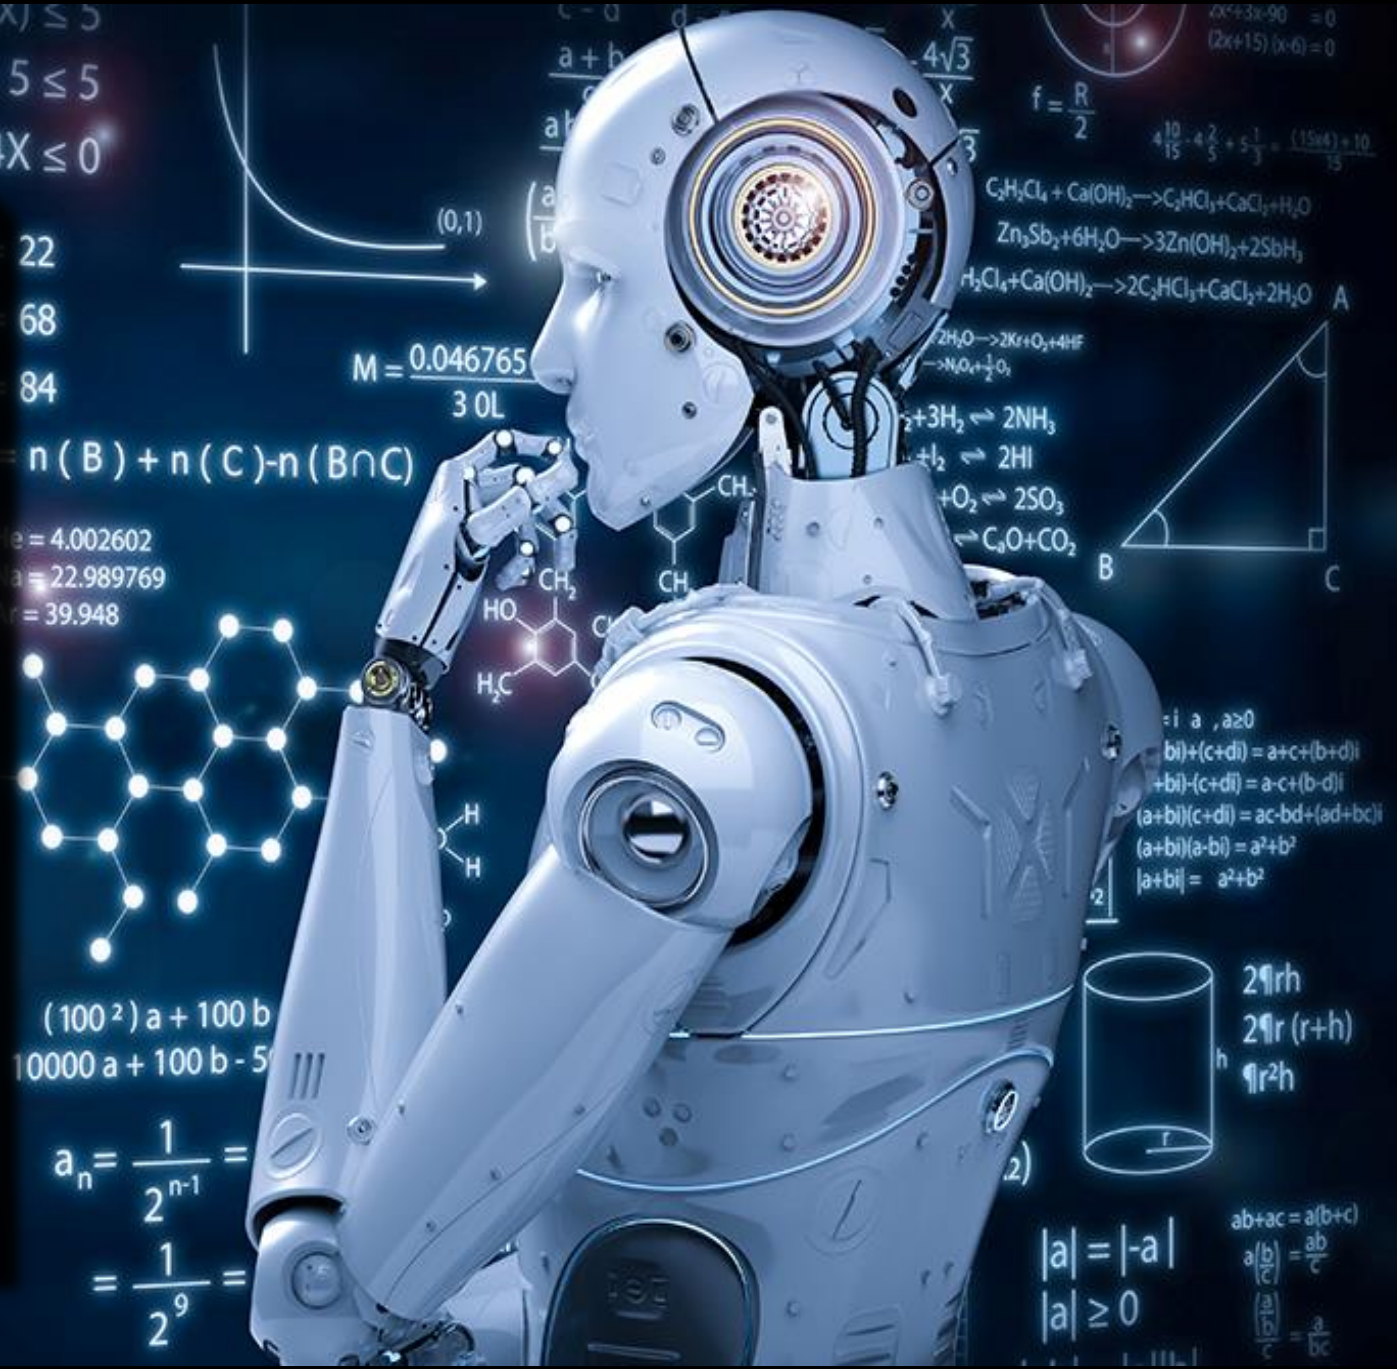

A comprehensive "**Systematic Review**" of the literature on every Web3 game.

All sources meticulously vetted, with only **CRAAP-approved** sources used.

**Expert moderators** review and content check the research output.

**Warning Systems** to notify Users of data scarcity and alerts!

**Community moderators** keeping us and our research in check!

# OUR COMMUNITY

---

## RETAIL INVESTORS

- Discuss and Execute
- Invest Together
- Profit Together

## RESEARCH ANALYSTS

- Rockstar Treatment
- Reward Handsomely
- Sought After Advice

## TRADITIONAL GAMERS

- Educate and Welcome

# COMMUNITY ADOPTION

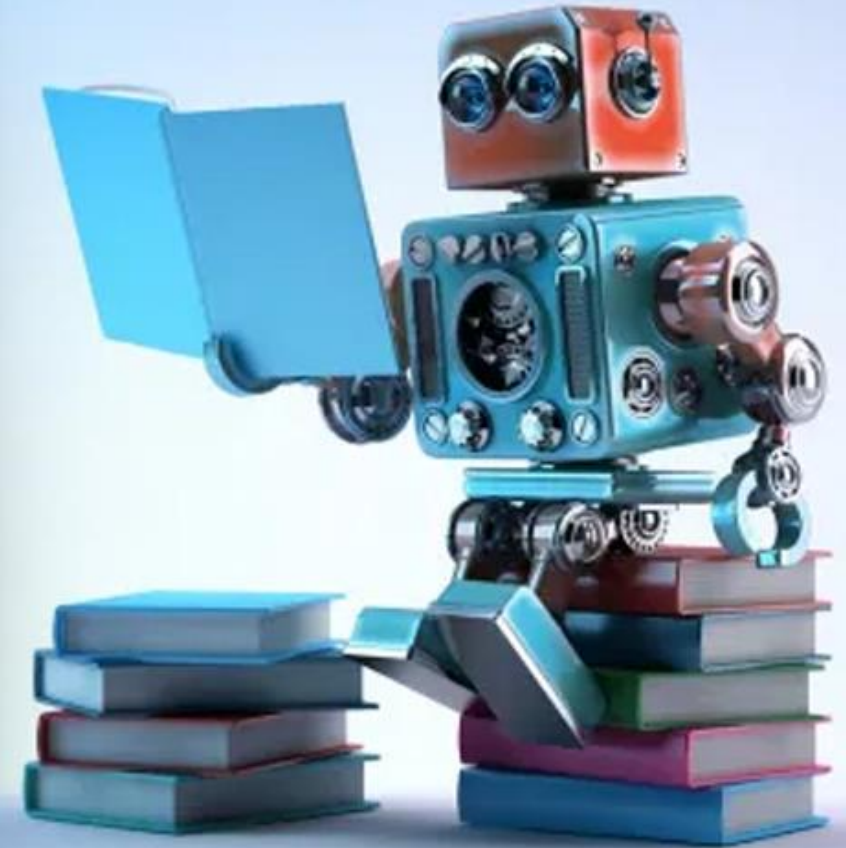

---

**COMMUNITY FIRST:** Crypto thrives on community, and BIGwiki is built to **reward and treat ours with fairness**.

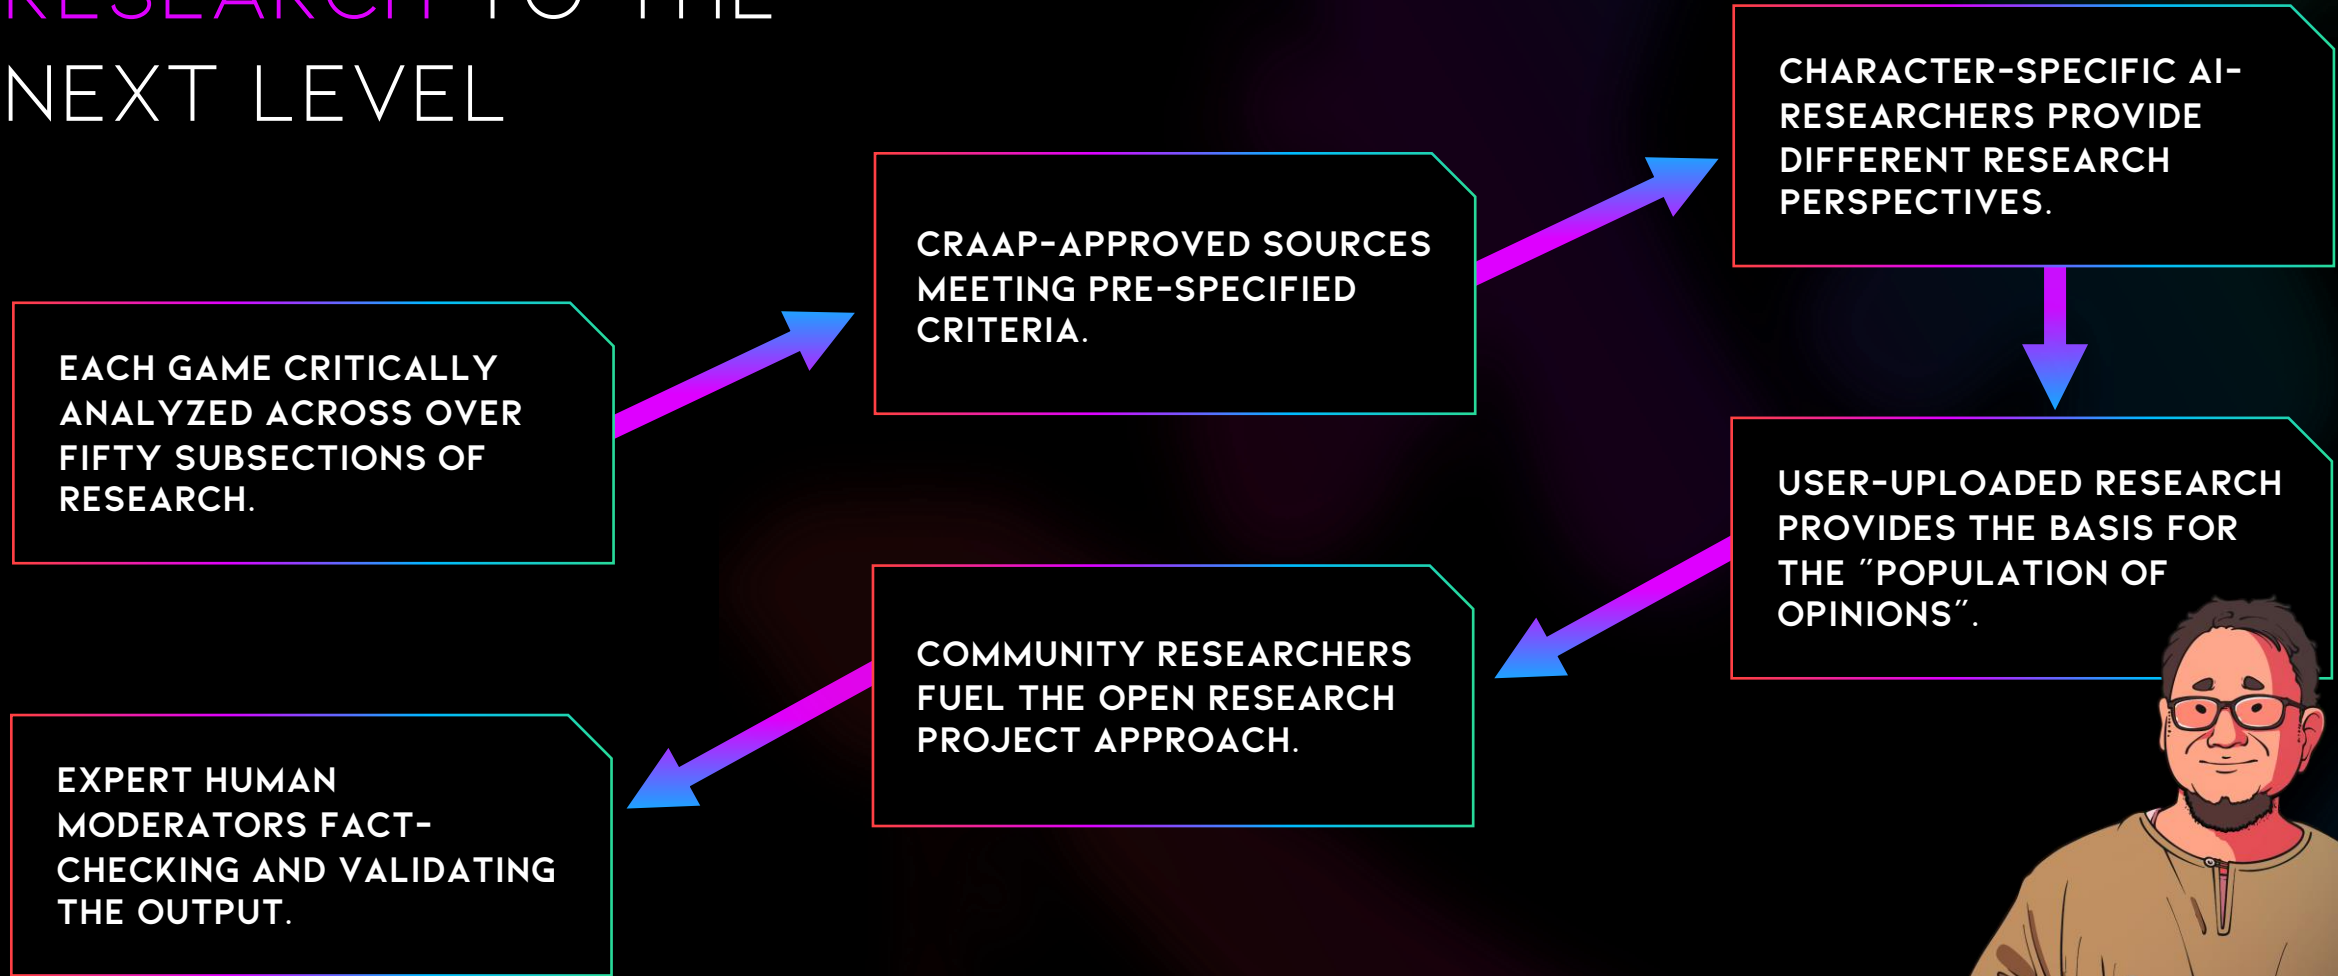

**MICRO-INFLUENCERS:** Our pre-sale investors will be from small, engaged KOL communities—each with **skin in the game** and our first researchers.

**RESEARCH-DRIVEN AIRDROPS:** Early adopters, select researchers, and investors will receive **lucrative rewards** for contributing valuable insights.

**TRANSITIONING TO WEB3:** With BIGwiki's **evidence-based research**, we will guide Web2 gamers as they transition to Web3, showing them the path with meaningful rewards and opportunities.

# TAKING GAME RESEARCH TO THE NEXT LEVEL

# BIGWIKI PROMISE

---

## FOR THE PLAYERS:

**Metaverse Bridging:** Introduce gamers to a decentralised Metaverse, providing support for E-Sports, building, renting, and grinding, acting as a conduit between the industry and gamers.

**Crypto Education:** Assist and educate players in crypto, offering authoritative insights on wallets, games, and serving as an educational hub in the Metaverse.

**Gamer Advocacy:** Treat gamers as athletes and rockstars, ensuring they receive fair value. Advocate for the gamer community and the Metaverse, steering it toward the desires of gamers.

## FOR THE INDUSTRY:

**Metaverse Potential:** Uncover and nurture the potential in the Metaverse, sharing discoveries that benefit our industry partners.

**Talent Attraction:** Entice development talent from traditional gaming, enlightening them about blockchain's potential and supporting them in building on it.

**Guidance for the Industry:** Assist the gaming industry in navigating the Metaverse's evolution, encouraging the community to make informed decisions while the industry is still in the process of figuring it out.

## FOR THE INVESTORS:

**Transparency:** Reward community contributors with early access to some research, avoiding pump and dump practices, and providing the best advice.

**Crypto Information:** Educate and inform retail investors about all aspects of crypto, both positive and negative.

**Combat Fraud:** Identify and eliminate scammers, making their activities as painful as they make ours.

## FOR ALL:

Bring value and prosperity to our community, through execution of our manifesto, community and AI driven tools and through our Community Investment Fund.

A navigation menu includes 'DASHBOARD', 'ACCOUNT DETAILS', 'MY RESEARCH', 'NOTIFICATIONS (7)', and 'MY FAVOURITES (3)'. The main content area features a search bar and a form titled 'ADDING [GAMEPLAY] IN [PLAY] FOR [STAR ATLAS]'. The form includes a '100 READ GUIDELINES' button, a text area with placeholder text, and radio buttons for 'MY RESEARCH ONLY' and 'PUBLISH TO WEBSITE - EARN \$BIGGIES'. Below the form are sections for 'EASY STUFF' (Basics, Category, Blockchain, Platform, Socials, Events / Roadmap, MFT Marketplace), 'FUNDAMENTALS' (PLAY, Artwork, Demographic Appeal, Platform, Set Up, Skills, Weakness & Issues, Summary), and 'EARN' (30% progress bar) and 'NFT' sections.

# \$BIGGIE TOKEN OVERVIEW

---

The **\$BIGGIE** token is central to its ecosystem, enhancing user engagement and empowering community driven governance. It's a functional asset that improves the platform, encourages user growth, rewards contributors, and delegates ownership to active members.

## COMMUNITY GROWTH:

Holders of the **\$BIGGIE** token influence platform evolution, ensuring user interests are represented in governance. The token also empowers users with a stake in the platform's treasury, potentially funding ventures in the web3 gaming sector.

## CROWDSOURCED CONTRIBUTION:

**\$BIGGIE** incentivizes users to contribute quality research, complementing data from APIs and integrating insights from the community, thus enriching the platform's content.

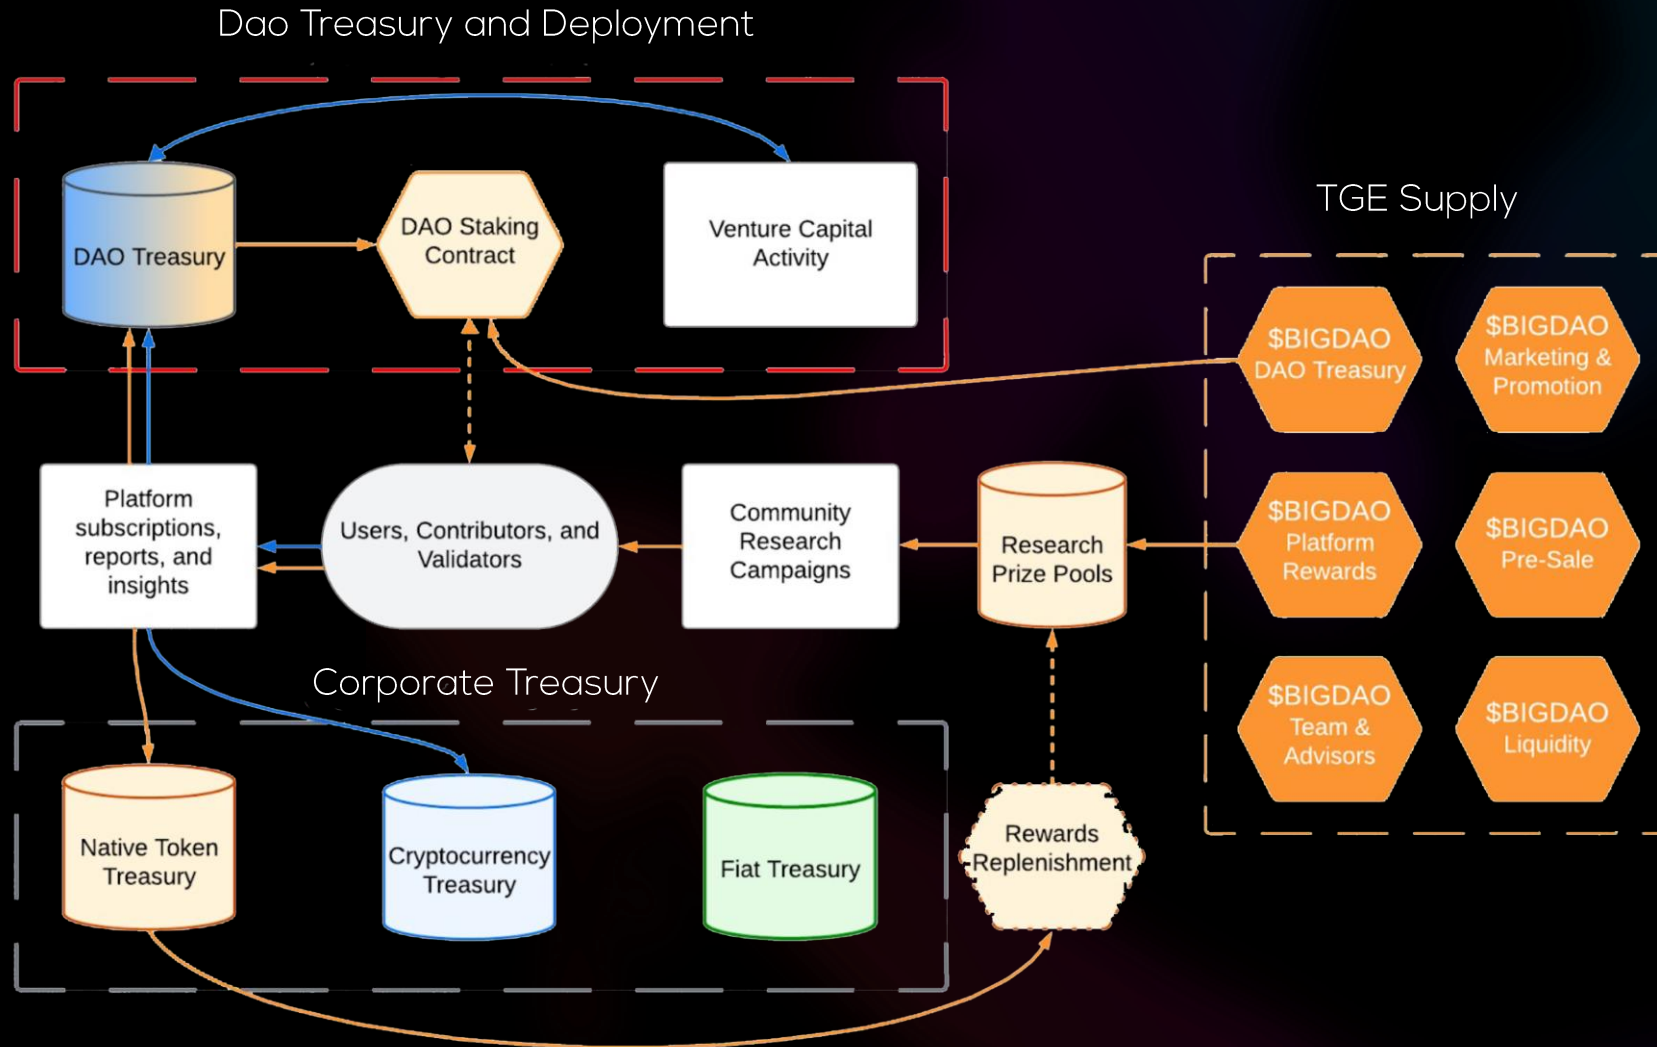

## ACCOUNTABILITY:

With an NFT-based access model, the platform balances user anonymity with accountability, linking online identities to activities and reputations within the community.

## SUSTAINABILITY AND SCALABILITY:

Rewards are strategic, driving demand for services and ensuring the token economy scales with the platform's growth and user base expansion. Payment barriers are designed to circulate token value within the ecosystem, fostering sustainable revenue.

# \$BIGGIE TOKEN OVERVIEW

# NON-FUNGIBLE TOKEN OVERVIEW

---

**The BIGwiki ecosystem uses a number of Non-fungible Tokens as access passes. Each pass grants a different level of access to different features or ecosystems, from the research platform to BIGwiki:**

## **BASIC USER PASS (UBNFT)**

Provides platform access and participation in contribute-to-earn models. They're infinitely mintable to ensure wide accessibility, requiring a purchase for either lifetime or subscription-based access, fostering revenue diversity with minimal entry barriers.

## **PREMIUM USER PASS (UPNFT)**

Premium NFTs offer full access to exclusive features, including AI insights and premium communities, with unlimited minting to meet demand. Acquisition requires payment, supporting sustainability through access to costlier resources and enhanced platform capabilities..

## **RESEARCH VALIDATOR PASS (VNFT)**

Designated for users who validate the quality of contributed research, targeting proven community contributors and ambassadors. Offered through various programs, these NFTs aim to reinforce the research integrity and accuracy within the BIGwiki ecosystem.

## **DAO DELEGATE PASS (DNFT)**

Delegate NFTs are limited and awarded to users and partners integral to governance, enabling them to propose initiatives. Distributed through presales, contributions, or awards, they ensure that governance remains with those aligned with BIGwiki's vision, balancing centralization with informed decision-making.

# TOKEN SUPPLY AND DISTRIBUTION

---

The **\$BIGGIE** token will be offered to Web3 investors through SAFTs in various fundraising rounds at different token supply valuations.

These investors will be granted a fixed value transition corresponding to the terms of their respective rounds. Each round is subject to a different initial token release, lockup period, and vesting schedule..

The distribution of the **\$BIGGIE** token outside of pre-sale investment contracts is planned to deliver balanced and sustainable growth of the BIGwiki ecosystem while putting more tokens into the hands of the greatest contributors.

This strategy is designed to align the interests of users, investors, team members, and strategic partners.

## TOKEN PRE-SALE (SAFT):

For pre-public investors with different purpose-driven fundraising rounds

## ECOSYSTEM REWARDS:

Rewards for research contributions and governance incentives

## LIQUIDITY:

Reserved for liquidity on DEXs and CEXs

## DAO TREASURY:

Allocated for deposit into DAO Treasury and ultimately, distributions to DAO members

## FOUNDING TEAM:

To compensate and incentivize team members

## ADVISORS:

Onboarding advisors who are integral to business growth and profitability

## MARKETING & PROMOTION:

To facilitate user acquisition through promotional marketing
